

Night of Navy

Basic White

I love this fun fold design! You can make it as complicated or as simple as you want by customising the design of the tab that holds the pleats together and by changing up the colours and patterned paper pieces. It's absolutely perfect for a scenic Designer Series Paper that can be cut into four panels that still flow together.

The card featured here uses the **One Horse Open Sleigh Designer Series Paper** (DSP) that is currently for sale as an Online Exclusive with Stampin' Up! This is only available while stocks last, so if you love it, get it quick! This pdf contains a full supply list at the end. You can shop at bridgeta.stampinup.net.

Usually, I give instructions for both Metric (Aussie/UK card sizes) and Imperial (USA card sizes) but I CASEd this fun fold from an American Stampin' Up! Independent Demonstrator - Karen from Stamping on the Back Porch - and then worked out how to do something similar but sized to an Australian A6 card with a tab that didn't cover too much of the gorgeous paper and aligned with the writing area the way I wanted it to. So I'm going to give credit where credit is due and only include the Metric measurements for my version of this fun fold card. The American version can be found at <https://karentitus.com/easy-to-make-accordion-fold-cards-popular-fun-fold-right-now/>. Why don't you hop over there and take a look? You might get some great other ideas for this type of card!

Video Tutorial is available at: <https://youtu.be/WCqTrpdYU8o> and at drunkdogcreative.com

CUT PLAN

- Night of Navy:** Card Base - 285 x 148 mm scored at 45, 90, 135 and 180 mm from the left
 Tab – 110 x 70 mm scored at 55 mm
 Inside Mat 2 – 80 x 80 mm
 Band (not shown) – 260 x 80 mm scored at 70 and 170 mm from the left
 Die Cut circle using Labels Aglow Die Set
- Basic White Thick:** Inside Writing Area – 75 x 75 mm
- One Horse Open Sleigh DSP:** Pleat Panels (Trees) - 140 mm tall then cut into 38 mm panels
 Inside Mat 1 (Blue Stripes) – 95 x 138 mm
 Tab Back (Fox) - 50 x 65 mm
- Silver Glitter Cardstock:** Tab Front - 50 x 65 mm (note: this cardstock is from my stash and is not an SU product).

The pieces that make up the tab front and back can be changed to suit whatever you would like to do there. In one example, I actually put a Night of Navy piece over the silver glitter after die cutting it with the rectangle die from the Labels Aglow Set and then die cut the circle in white cardstock and stamped it with Night of Navy Ink. It gave a different look. So feel free to play with the tab design!

INSTRUCTIONS

1. Cut all cardstock and DSP.
2. Die Cut piece for Tab Front.
3. Heat Emboss Sentiments.
4. Create the tab:
 - a. Affix the silver glitter cardstock (Tab Front) to the left front side of the Tab.
 - b. Affix the die cut sentiment to the Tab Front.
 - c. Affix the Fox Cutout (Tab Back) to the right front side of the Tab.
5. Inside Area – it's important to do this BEFORE you affix the tab to the cardbase:
 - a. Affix the white Writing Panel to the Night of Navy Inside Mat 2.
 - b. Affix the piece you just made to the striped DSP (Inside Mat 1).
 - c. Affix the assembled piece to the right side of the Accordion Fold Card Base.
6. Affix the 4 Tree panels (DSP) to each of the Accordion pleats.
7. Place Stampin' Seal glue tape on the left and right edges of the back of the Tab. Be careful to NOT stick them together or to the Card Base until you've aligned it. Close the folds of the card and slip the Tab in so that it encompasses the folds (but be careful to not press on it so the glue tape doesn't stick). Align the Tab so the top, right and bottom edges are evenly spaced inside the box formed by the Night of Navy and White panels of the inside writing area. The idea is that when the card closes, those panels form a mat behind the tab creating a layered look to the front of the card and hiding the writing on the Writing Panel. (see video for demonstration). Once the tab is aligned where you want it, press down so that it sticks to the first and fourth panels of the folds.
8. Place glue tape along the right edge of the back side of the Band. Fold on the score lines and press so that it sticks to itself forming a band.
9. Slip band over card to hold folds closed.

Finished!!! Happy Inking!
