

I grew up in North America and really loved the Aspen Trees in winter. I now live in Australia and Christmas is a bit different here – sun, sand, heat, beaches, and bbq's rather than snow, fireplaces and crystalline trees in the still night air. This card captures memories of my childhood which may be why I love it so much.

This is a fairly easy card layout that makes fabulous use of the ***One Horse Open Sleigh Designer Series Paper*** (DSP) that is currently for sale as an Online Exclusive with Stampin' Up! This is only available while stocks last, so if you love it, get it quick! This pdf contains a full supply list at the end. You can shop at [bridgeta.stampinup.net](https://bridgeta.stampinup.net).

## INSTRUCTIONS

---

1. Centre the large aspen tree oval die from the Aspen Tree Die Set onto the card front and run through your die cutting machine.
2. Affix card front to DSP. If you need to move it a little either side to get the background image where you want it, you can trim any paper that overhangs the card front after affixing them.
3. Layer card front onto mat 1 and affix.
4. Layer card front onto mat 2 and affix.
5. Layer card front onto card base and affix.
6. Affix writing area to inside of card.

***Optional 'step it up' steps (use one, two or all three):***

1. Stamp sentiment onto scrap of white cardstock using Cherry Cobbler inkpad. Trim or die cut to size and shape desired and affix with Dimensionals to front of card.
2. Stamp a sentiment on inside of card with Cherry Cobbler inkpad.
3. Add embellishments like sequins, jewels, or ribbon to card.
